J3 Resources, Inc. Lab Receives Perfect Score ZERO NONCONFORMITIES Found in Technical Competency Evaluation

HOUSTON, TEXAS - The IAQ laboratory [J3Resources, Inc.](http://www.j3resources.com) received ZERO NONCONFORMITIES in its inspection by [NVLAP](#), the National Voluntary Laboratory Accreditation Program of the National Institute of Standards and Technology. The NVLAP assessor states, *“This is an excellent laboratory in all aspects of operation—QA, staff capability, client service, document control and quality analysis. Lab maintains a reasonable workload for their analysis and keeps up-to-date with their QA Tasks. Lab Staff has a great ‘working together’ attitude and is very quality oriented and client oriented.”*

NVLAP officials confirmed that ZERO Nonconformities is seldom seen and state that the J3 Resources, Inc. lab *“has an excellent system for control of records, including policies and procedures defined in the QA Manual, a lab-wide LIM System which includes direct data entry and a network of QC data logs.”* Labs undergo technical assessment every two years to maintain this accreditation. It is RARE to achieve a ZERO Nonconformities rating. Throughout its nearly 12 years in business, J3 has always received high rankings.

J3 Resources Inc. is an independently owned commercial IAQ laboratory specializing in the analysis of asbestos and mold. According to the NVLAP report, *“The lab is in a recently renovated building and is well designed and outfitted for multiple environmental analyses. It is spacious, clean, neat and by all appearances designed well for worker safety.”*

According to the NVLAP assessor, *“[J3] Analysts are almost all long-term asbestos analysts and the lab has very good synergy and mentoring. The level of quality is very high.”*

NVLAP’s quality assessors conduct a thorough evaluation of all factors in the lab that affect the production of test and calibration data based on an international standard called ISO/IEC 17025.

J3 Resources is an [AIHA](#), [WBE/SBE](#) certified laboratory and takes great pride in the [services](#) it provides for a variety of businesses including: governmental agencies; educational institutions; commercial business organizations; environmental consultants; professional services firms; and homeowners.

Incorporated in October of 2000, Lee and Cathy Poye began J3 Resources, Inc. with quality and customer service as their top priorities. Vice-President Lee Poye maintains that J3’s unique working environment is the key to its success. *“In our office, teamwork, quality and customer service always come first. I am pleased to have received this high ranking from NVLAP as it really highlights our efforts to provide excellent service to our valued customers.”*
