## Lee Poye Presents

Along with Lee's regular speaking engagements he recently presented to the following groups.  
**Contact us for availability if you'd like to schedule Lee to present to your group.**

### AIHA Gulf Coast Chapter

Lee presented **A Summary of the Variety, Size, and Aspect Ratio of Asbestos and other Respirable Elongate Mineral Particles (REMPs) Compiled During Analysis of over 200 Human Lung Tissue Samples Versus Particle Sizes Detected by Phase Contrast Microscopy** to a full house at the AIHA Gulf Coast Chapter Meeting in September at Brady's Landing located at 8505 Cypress Street, Houston, TX. 713-928-9921. For more information about the AIHA Gulf Coast Chapter, visit <https://www.aiha.org/localsections/html/gulf/gulfcoast.htm>.

### Harvard School of Public Health at Massachusetts General Hospital

In October, Lee was honored with an invitation by the Harvard School of Public Health to lecture at Massachusetts General Hospital's annual *Current Concepts and Controversies in Asbestos-Related Diseases Course*. Lee's presentation, titled **What Methods Permit You to Detect Asbestos in Air or Tissue Samples**, was well received and fueled valuable discussion among the participants.

### Congratulations Cathy!

Cathy Poye graduates from Cohort 13 of the Goldman Sachs 10,000 Small Businesses Program! The program is designed to educate and support the growth of selected small businesses. For more information about the program, visit [www.goldmansachs.com/.../10000-small-businesses/US/](http://www.goldmansachs.com/.../10000-small-businesses/US/). Congratulations to Cathy and all of the graduated entrepreneurs of Cohort 13 from Houston, Texas!

### Meet J3's Newest Family Members!

J3 welcomes new analysts (left to right) Whitney Gomez, Metals/PLM Analyst with a Master's of Science in Public Health; Rob Greene, Microbiology Analyst with a BS in Biology; William Colbert, TEM Analytical Coordinator/Analyst with a BA in Biology and Elizabeth Wilson, Microbiology/PLM Analyst with a B.S. In Biology. Whitney, Rob, Will and Elizabeth come to J3 with extensive knowledge and experience in their fields. They are on board and ready to expand J3's capabilities in offering quality analysis with outstanding customer service.

If you call or walk in to J3, you'll be greeted by our two newest J3 administrative members (left to right) Maria Flores, National Accounts Coordinator and Sheri McGrew, Internal Operations Coordinator. Both Maria & Sheri come from a customer service background. We are very pleased to have their skill and experience to ensure all of our customers receive the outstanding customer service J3 is known for. Join us in welcoming all of them to the J3 family!

*Raising the industry standard with accurate, defensible results delivered with outstanding service...  
 every customer, every job, every sample*
