The J3 Super Hero Award recognizes employees who demonstrate positive and professional interaction with others and outstanding performance beyond expectation.

Sheri McGrew
J3 Houston Lab

Sheri was born in Tampa, Florida and moved to Houston at age 15. She attended Houston's Alief Elsik HS and the University of North Texas in Denton, TX. Sheri is J3's Internal Operations Manager and responsible for creating and maintaining the processes necessary for J3 to provide the outstanding customer service it is known for. Customers and employees will all agree that Sheri's enthusiasm is contagious.

When Sheri is not at J3, you can find her spending time with her mom, sister, niece and nephews, who refer to her as "Super Auntie". She is always ready for a good music concert or an Astros baseball game. She enjoys movies, reading mystery novels and a love of all things Bond, James Bond. Sheri recently embraced a healthy lifestyle by becoming more active

through swimming, hiking and exercise at the gym. J3 made a \$250 contribution in Sheri's honor to her charity of choice, Susan G. Komen.

Duane Salinas
J3 Pasadena Lab

Duane graduated with a BS in Geology from UT Austin in 1986. After a few stops along the way, he began his career with J3 at its inception, nearly 18 years ago. Duane is J3's most Senior Microscopist and Technical Expert. He was nominated by his peers for his can-do attitude, helpful information and overall team work attitude. You can often find Duane teaching new analysts the fundamentals of geology, microscopy and analysis standard operating procedures, thus landing him the nickname, "Professor".

When Duane is not analyzing samples, or giving his expert advice, you'll find him painting, playing the guitar or riding his bicycle. J3 made a \$250 contribution in Duane's honor to his charity of choice, the BP MS 150, which he will participate in

again this year for a total of 15 years.
